Our Royal Arch Masons

Royally Entertain Prominent Brother Masons.

Doubtless, the most noted gathering of prominent and high-degree members of the Masonic order ever held, save at a meeting of the Grand Lodge, was held here last Friday night, when Messrs. E. M. Leathers, John Farlee and M. L. Chowning were initiated into the mysteries of Royal Arch Masonry by Lawrenceburg Chapter No. 138, R. A. M., assisted by a drilled degree team from Lexington, and, after the initiatory ceremonies were concluded, High Priest C. M. Lillard, Jr., called the brothers from labor to refreshment, and, adjourning to the Lawrenceburg Hotel, the local chapter and visiting brothers sat down to the most sumptuous banquet ever spread in this city. During the progress of the banquet, speeches were delivered by Eminent Grand Commander Frank Johnson, of Louisville; Deputy Eminent Grand Commander George A. Lewis, of Frankfort; Grand Warder John Kramer, of Lexington; Past Grand High Priest J. Soule Smith, of Lexington; High Priest Noble Lindsey, of Frankfort, and Dr. A. H. Witherspoon, of this city.

The editor of IT was high-

ly complimented with an invitation to banquet with the prominent visitors, and much regretted the impossibility of his attending. There were two of the visitors whose hands we could brotherly grasp, they being two of the State's ablest newspaper men—Col. Geo. A. Lewis and Judge J. Soule Smith. Col. Lewis, in his talk, said that he had abandoned all hopes of coming to Lawrenceburg, on account of the bad weather, and it was not until he saw from the columns of IT that he was expected that he put the telephone into use and made arrangements to come. He asked that his Lawrenceburg brothers remember that

"IT DID IT."

Other visitors were Prof. McKenzie, of the State College, Lexington; Mr. Holland, of Frankfort; Prof. Elma Paxton and Messrs. Burton and Hancock, of Waddy.

The whole of the ceremony and of the entertainment was pronounced by all a grand success in every sense of the word, and mine host Young was voted a veritable Prince of Entertainers.

Dangerous Practice.

There are always a lot of boys, and some few grown men whose heads boys' hats would fit, who engage in roman candle fights on Main street on Christmas eve, making it not only dangerous in the way of burning the town but in putting out the eyes of some good citizen, who is going about his business or returning home after his day's labors. Would it not be well to have those who wish to participate in such sport go to some field of battle near town, where they can injure only themselves and not harm those who take no hand in such dangerous sport—if sport it might be called.

TAX-PAYERS.
